

# VICTOR J. FETTER

## SUMMARY

A newcomer to the production industry, Victor hails from a valiant lineage of elite vagabonds with a keen desire for experiential pursuits. Victor orchestrates book-smarts and life experience to perceive, understand and utilize technical diversity for practical applications.

Extensive experience in mechanical engineering, technical writing, process recognition and technical sales including: project/program engineering and management, mechanical design, instrumentation and control, proposal preparation and presentation, residential construction/home improvement management, and recruiting/placement. Computer literate, PC and Mac.

## PAPER

BET in Mechanical Engineering Technology, December, 1976 (Magna cum Laude)

Licensed Professional Engineer, Connecticut License No. 14402

USCG Captains License S/N 607811, USCG Offshore Safety Officer

Amateur Radio Operator, FCC License KA1P1A

Certified Playground Safety Inspector, NRPA certification # 0237-0198

SCUBA Open Water Certification, PADI (1982)

## PRACTICE

Designer and Mechanical Engineer - Space Shuttle and Space Station life support and mobility systems, intra-vehicular and extra-vehicular (space suit).

Technical Writing - aerospace, electrical utility, and production machinery fields.

Marine Refit Engineer - Contracted, planned, and supervised extensive refit and overhaul of private blue water sailing yachts 45 to 60 feet long.

Owner/operator -56 foot aluminum ketch "Sea Quest" charter boat in Bermuda and the Virgin Islands.

Designer/Installer - high ropes and ground level challenge courses, climbing walls.

Mechanic - automotive, diesel, small marine, and small gasoline engines.

Commercial and residential construction and repairs - Operated a small construction business providing emergency and permanent repairs to structures and property damaged by Hurricane Hugo.

## **PURSUIITS**

Nautical - power, sail, paddle. Extensive racing, delivery, and pleasure boating on eastern seaboard ocean, intra-coastal, and inland waters from Nova Scotia to Virgin Islands and the Mediterranean Sea.

Fitness - rock climbing, ice climbing, snow skiing, running, cycling

Community - Junior Achievement volunteer advisor 2 years, managed a JA Center for 1 year.

Board of Directors, YMCA Camp Hazen, Chester, CT.

Harbor Management Commission, Chester, CT
